Dear Mark,

Thank you for choosing Marguerite's Place to benefit from your foundation giving program. What a great program! We love seeing such great community support. Funding from local foundations is a great help to our programs. We are able to use this funding at this time to support our families as they enter a busy back-to-school season. We will be able to help them acquire such things as school supplies, school clothes, and more. We really appreciate you thinking of us!

Sincerely,

Christa Tsechrintzis
