To Whom It May Concern:

The Station Fire Memorial Foundation is a 501C3 non-profit organization established by the family, friends and survivors of the Station Nightclub Fire, which occurred on February 20, 2003 in West Warwick, Rhode Island.

Our purpose is to ensure that our loved ones would receive a proper and timely memorial upon the sacred ground where their lives were so tragically cut short. It is our intention, now that the Foundation has procured the land known as the Station Site, to not only build, but maintain the Memorial site. We are proud to say that construction has started because of very generous donation.

I would like to take this opportunity to thank you for your donation of \$2,500. As a survivor and president of the foundation I cannot thank you enough for being a part of building The Station Fire Memorial Park.

Sincerely,

Gina Russo, President

The following has been adapted from the book, *The Circus Fire*, by Stewart O'Nan. These words have come to sum up The Station Fire Memorial Foundation's mission.

to be lost and forgotten .
to be abandoned - is a
shared and terrible fear,
just as our fondest hope,
as we grow older, is that
we might leave some part
of us behind in the hearts
of those we love and in
that way live on. We may
not be able to change
what has been, but we
can certainly change
WHAT IS. Support the
Station Fire Memorial
Foundation and help us
to give the victims the
only gift within our
power, a gift we wish
desperately for our loved
ones, a gift we all want...

TO BE REMEMBERED.
